

Santa Fe Station Planning

Prepared by Kimley-Horn and Associates

February 21, 2024

Agenda

- 1 Scope and Purpose
- 2 Visioning
- 3 Station Components
- 4 Santa Fe Station
- 5 Key Takeaways and Next Steps

SCOPE OF STUDY

What it is

Conceptual Spatial Planning for Transit Facilities

Begin to understand the needed space for new transit

Begin to understand how transit relates to City

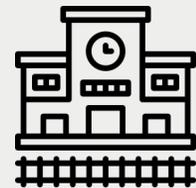

What it is not

Design or Engineering

To be completed at a later phase of the project

City Area or Master Plan

This study is focusing on the Santa Fe Intermodal Hub and immediate area

VISIONING

Our Goal

To create a **FUNCTIONAL TRANSIT CENTER** at the Santa Fe Station while integrating with the Downtown and Bricktown neighborhoods, regional high-capacity transit service, and fixed-route local bus service.

What Type of Intermodal Hub?

Big Picture

Utilitarian

OR

Transit
Focused

OR

Mixed
Use

OR

Statement
Project

? What's the Vision for Santa Fe Station to become?

Central Station Salt Lake City, UT

Diridon Station San Jose, CA

? What's the Vision for Santa Fe Station to become?

Mixed Use

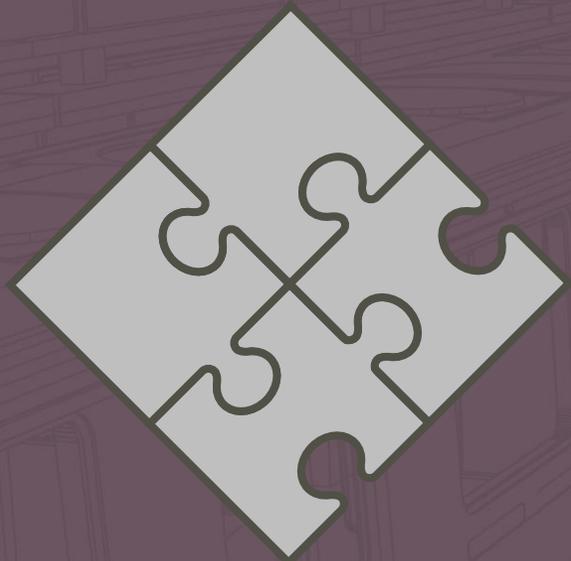

Target Field Station Minneapolis, MN

Statement Project

Union Station Denver, CO

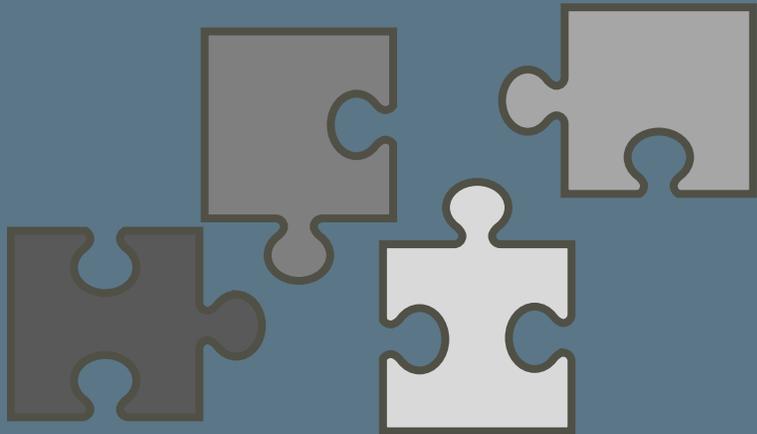

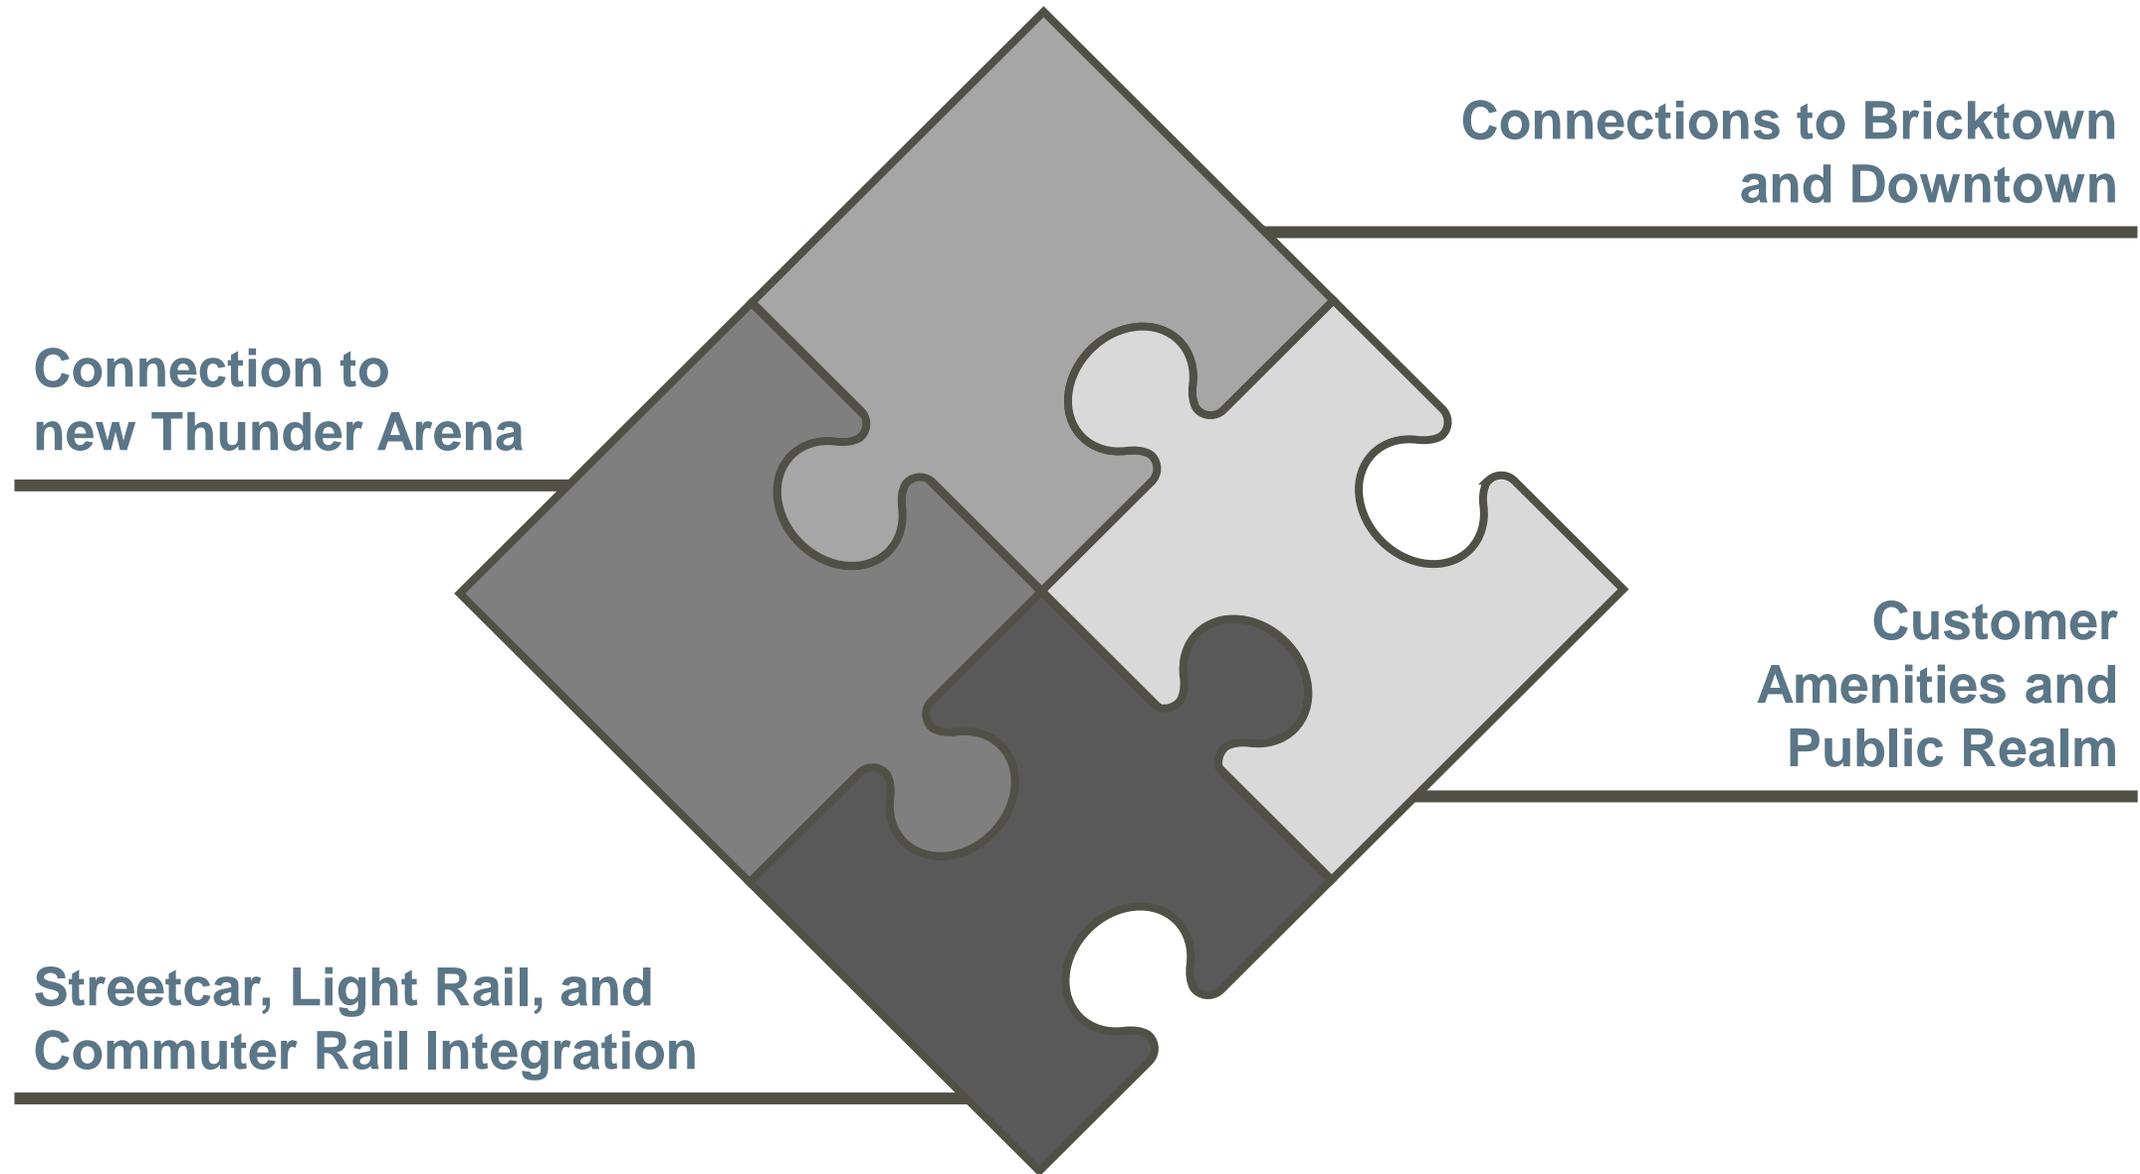

STATION COMPONENTS

Components and Configuration

A SPATIAL CONFIGURATION

that shows how the various track and station elements will fit together and generally relate to the surrounding neighborhood.

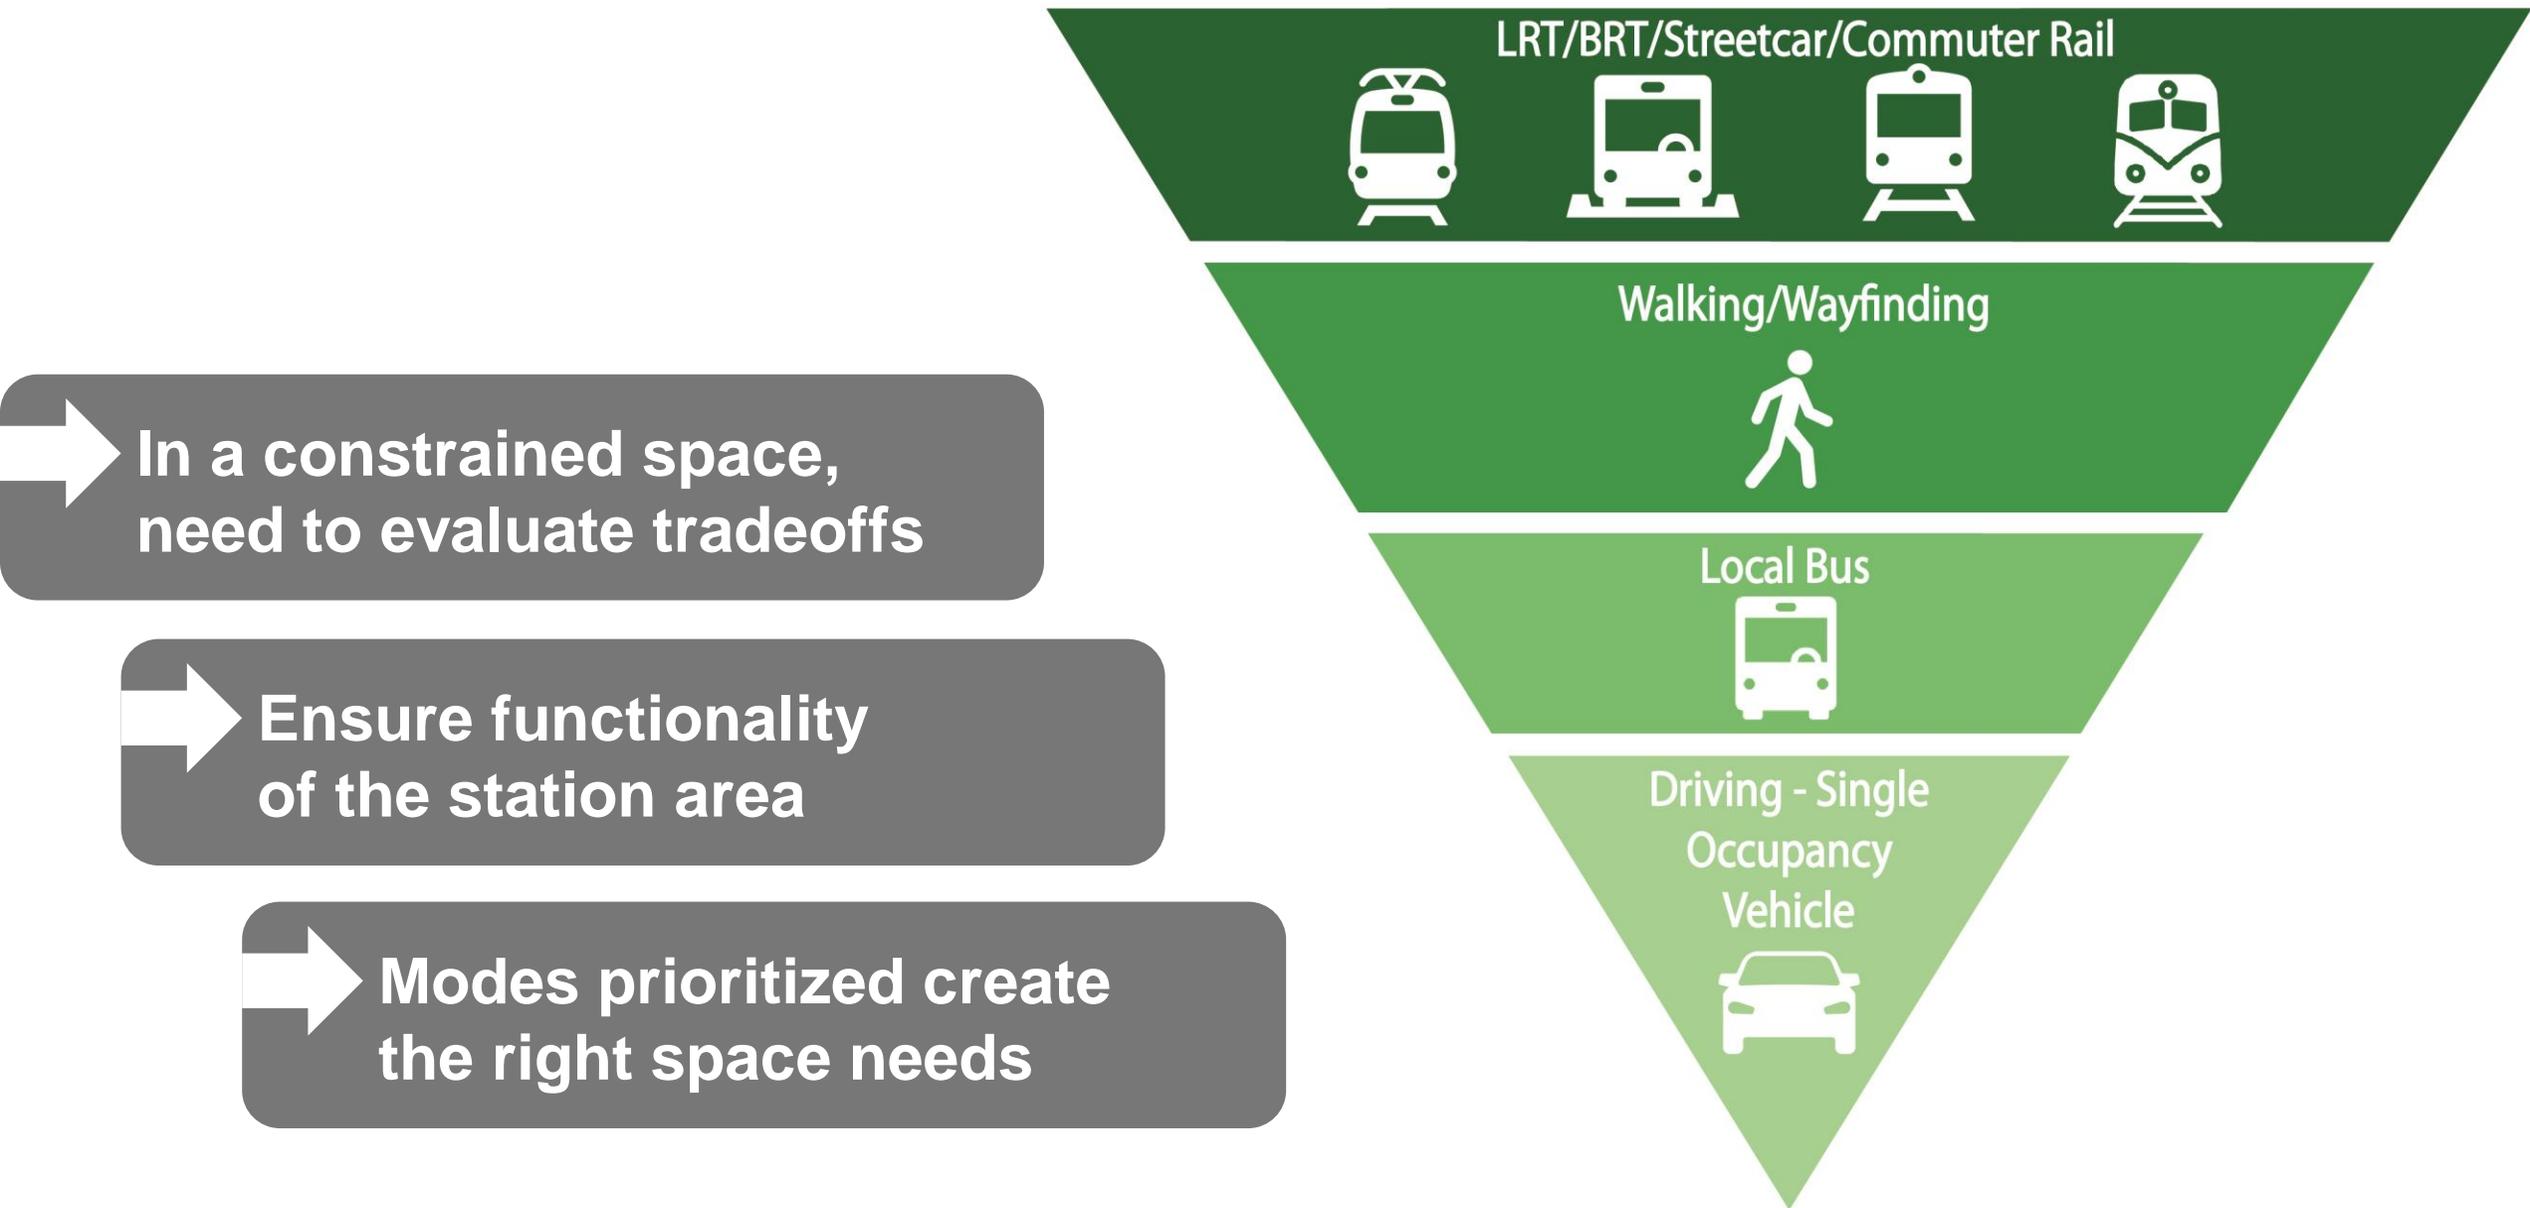

**Connections to Bricktown
and Downtown**

**Connection to
new Thunder Arena**

**Customer
Amenities and
Public Realm**

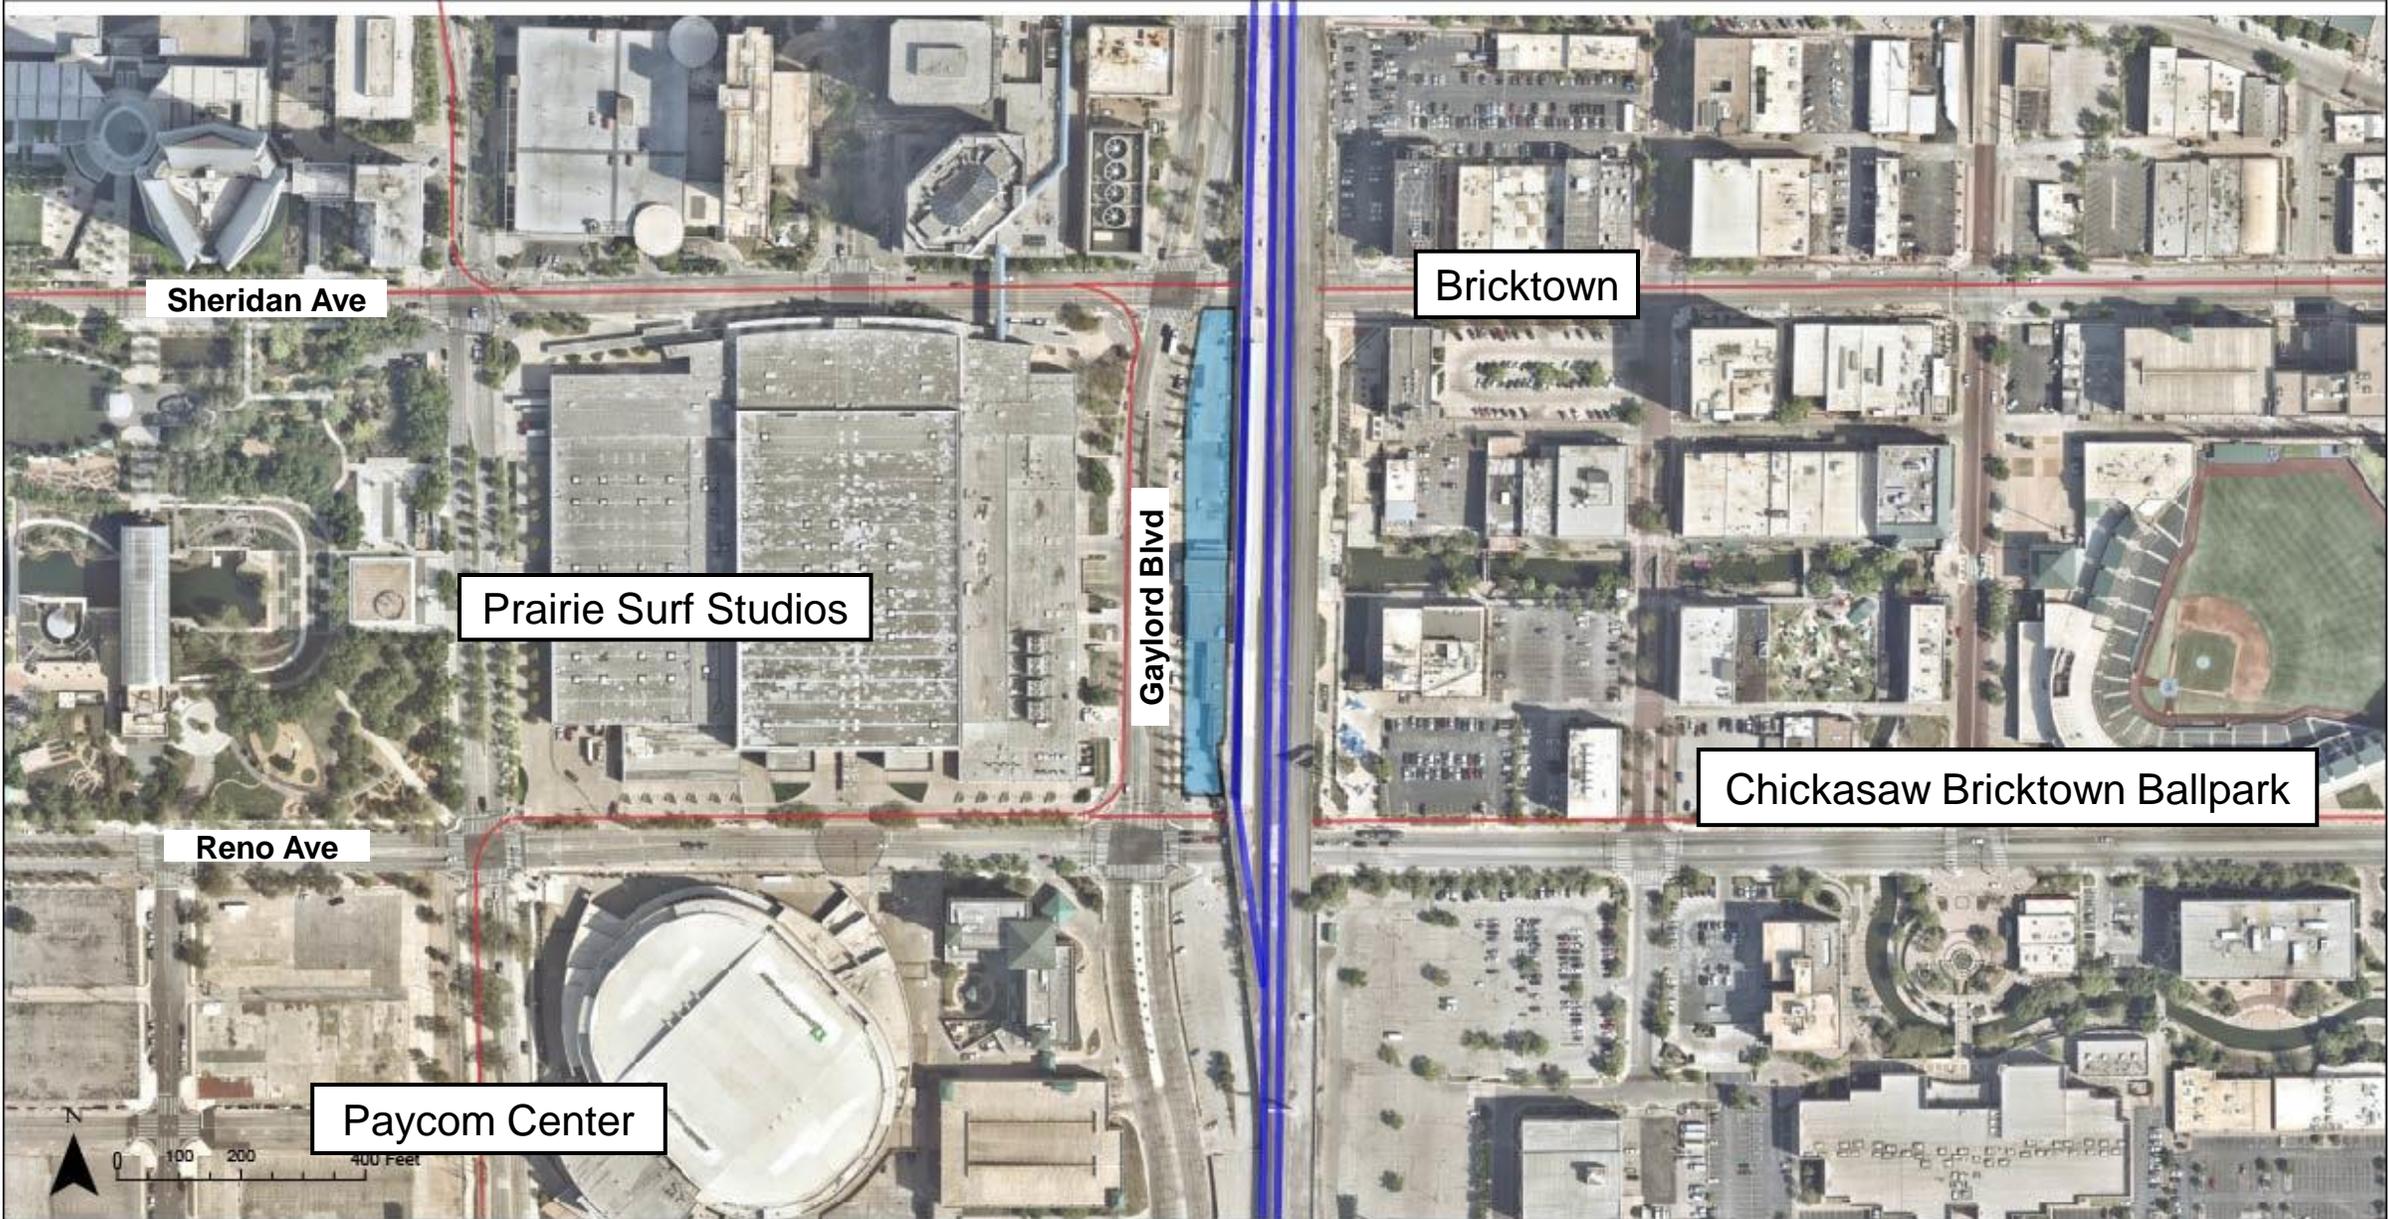

**Streetcar, Light Rail, and
Commuter Rail Integration**

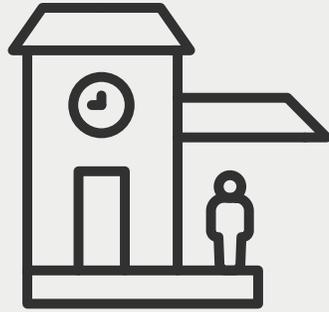

SANTA FE STATION

Santa Fe Station

Intermodal Hub Space Needs

Customer Amenities

Waiting Areas and Information
Pedestrian Circulation
Micromobility and Uber/Lyft Waiting
Areas

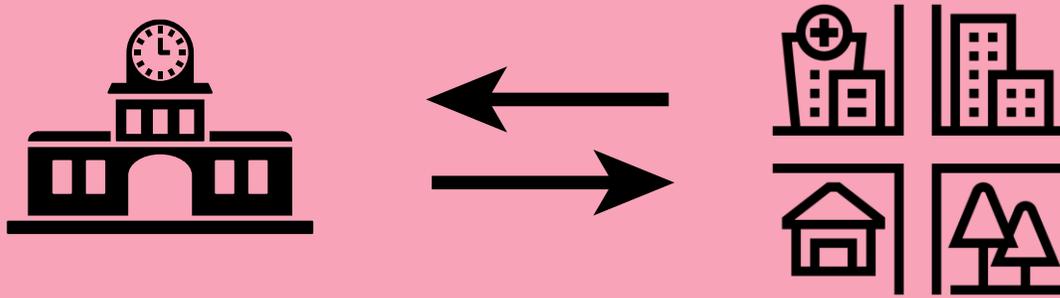

Transit Infrastructure Components

Vehicle Circulation
Bus Bays/Curb
Layover Facilities
Operator Facilities
Support Infrastructure

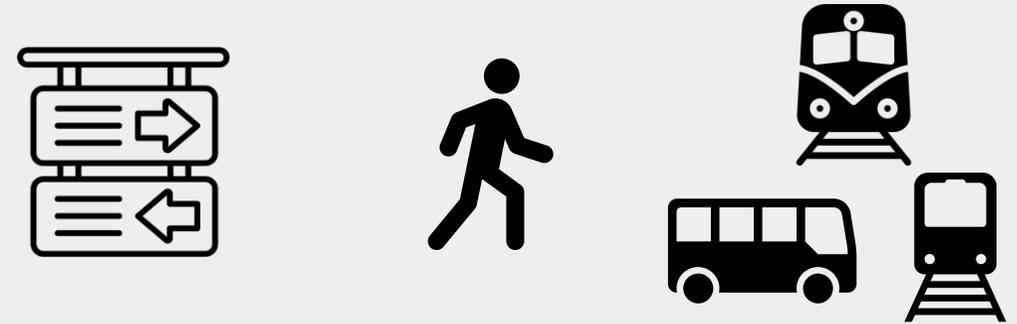

KEY TAKEAWAYS - DECEMBER WORKSHOP

Programmatic Considerations

- Maintain historic Santa Fe Station
- Explore options with Gaylord
- Leverage new Thunder Arena
- Reconnect the pedestrian grid: Bricktown to Downtown
- Transit Integration

Technical Considerations

- Customer Experience
- Vibrant Public Spaces and Connections
- Lighting
- Wayfinding
- Focus on many modes

NEXT STEPS
