

## ONE TRANSIT SYSTEM MAP

### ONE Transit's System Plan is a guide for a better-connected Central Oklahoma.

The four high-capacity corridors that connect regional activity centers, such as major employers, educational institutions, and entertainment and commercial areas, were approved through an Alternatives Analysis Study that included a robust public engagement effort. The ONE Transit System Map shows the planned corridors and related modes.

Learn More

#### North/South Corridor

Commuter rail connecting Edmond to Norman via Oklahoma City, using the existing BNSF freight railroad corridor.

#### East Corridor

Regional Bus Rapid Transit connecting Tinker Air Force Base to Downtown Oklahoma City.

#### Airport Corridor

Light rail connecting Downtown Oklahoma City to Will Rogers International Airport.

#### West Corridor

Regional Bus Rapid Transit connecting Western Oklahoma City to Downtown Oklahoma City.
